

THEME

Have you ever restored an old piece of furniture or repurposed something that was deemed not useful and turned it into something wonderful? It's a process, right? It takes seeing that object through a new lens. *Re-envisioning.* It takes mustering up the energy to get to work. *Responding.* It means taking that object on a journey to bring out its potential. *Renewing.*

This retreat will be about taking time to recognize areas of our spiritual lives that might need some new vision and revitalization. Is there an area of your life that feels drab and dull? Does the joy of your salvation need to be reclaimed? Are you struggling to find purpose? Maybe you even sometimes wonder if you're useful at all? Maybe you just need a minute to take a breath and re-evaluate the clutter?

The hope we find in Scripture is that God wants us to be Revitalized and completely Restored to our fullest potential!

Come away with the Vineyard Women for a refreshing weekend. Be Restored.
